INTERACTIVE WEBINARS FOR YOUNG ENTREPRENEURS IN SCIENCE

Are you a sciencepreneur?

www.youngentrepreneursinscience.com

How much startup is in your PhD? In our interactive, two-hour online sessions, you will discover your entrepreneurial skillset and your ideas’ innovative potential, together with other highly-qualified researchers of all disciplines!

03.09.2020, 10.00 – 12.00
From PhD to Sciencepreneur
Explore your entrepreneurial strengths and meet our role models, who share the challenges and opportunities of becoming an entrepreneur or intrapreneur.

10.09.2020, 14.00 – 16.00
Your Online Pitch
Practice your online pitch with the help of our coaches to convince recruiters or investors of your vision and your personality in front of the webcam.

30.09.2020, 10.00 – 12.00
From Research to Ideation
Try out different ideation techniques in our interactive webinar. Learn what a good idea is made of and how to prepare it for testing.

15.10.2020, 10.00 – 12.00
Prototype Your PhD
Practice Design Thinking and discover the potential of your own research to yield a product by building your first prototype.

27.10.2020, 14.00 – 16.00
Startup, and Make It Social
How can entrepreneurs synergise social responsibility and financial interests? We will look behind the buzzwords and introduce you to real-life social entrepreneurs!

Admission is free and on a first-come, first-served basis. More info and application: www.youngentrepreneursinscience.com
